## OCUPATIONAL FIELD

### Architect & Interior Designer

I am Master in architecture with specialization in Theory and Practice of the Architectural Project, Technical University of Catalonia. In Chile, Spain and The Netherlands I have exercised as an architect and an interior designer for a large list of projects.

My academic and professional background in architecture and interior design has led to a wide range of experience developing projects for private, commercial clients and for local authorities. My projects over the years have included public space regeneration, large residential development and interior design - all with a focus on creating places in which people can lead better life.

I have teaching experience in pre-degree university studies and in development of interdisciplinary university workshops related to architecture and photography.

Currently I work at Cravt in Amsterdam as Interior Designer and Design Director, leading the entire project development process.

## PROFESSIONAL EDUCATION

- 2007 Master's Degree in Architecture (March)**  
Master in Theory and Practice of Architecture.  
Universidad Politécnica de Catalunya. Barcelona. Spain.
- 2003 Professional Title of Architecture (BA)**  
Universidad Mayor. Santiago. Chile.  
Association of Architects of Chile (Colegio de Arquitectos de Chile). N° 7794.

### FURTHER EDUCATION AND DIPLOMAS

- 2007 Design and Modeling 3D Max and Vray.**  
Espai Institute. Barcelona. Spain.

## WORK EXPERIENCE

- 2015  
Current **Architect & Design Director**  
**CRAVT**  
Amsterdam, The Netherlands  
Together with CRAVT's CEO, I direct the complete process of Interior Architecture for all our projects. Our worldwide projects include the creation, renovation and restoration of residential and commercial buildings.  
CRAVT projects are developed internally by a team of specialists at CRAVT and include the full project cycle from concept, design drafting process, architectural and interior design, client presentation, purchase, product creation, interior decoration, construction management, execution and project delivery.  
[www.cravt.com](http://www.cravt.com)
- 2013  
2015 **Architect – Assistant**  
**SJO Architecten bna**  
Amsterdam, The Netherlands.  
I worked in a team of Architects whom developed the collaboration in the process of design and presentation (VO; OD and Bestek) of a primary school in Delft and a residential building in Alphen aan de Rijn. We also developed a study about the different possibilities of the brickworks in The Netherlands.

- 2010  
2013 **Co-architect in Residential Architecture**  
**Grupo Real de Piasca**  
Santander, Spain  
I worked as part of a team of residential architects and engineers that completed 2 or 3 projects per year. The projects were developed integrally from the drafting process and client presentation (including 3D renders) to construction management, execution and final delivery.  
[www.realdepiasca.com](http://www.realdepiasca.com)
- 2009  
2010 **Operations Manager. Administration and Public Works Paving**  
**Acemesa Constructora S.A.**  
Santiago – Chile  
During all of 2009, I moved to Chile to work in the administration and public works paving. I was responsible for the execution of the work in buildings sites. Our customers were always the Chilean Government and the Ministry of Public Works.
- 2007  
2008 **Architect Planner for Public Contests Ideas and Projects**  
**Taller de Arquitectura y Proyectos de Sabadell, SL.**  
Barcelona - Spain  
I was a project manager for 12 architectural idea competitions. I was managing a small team that was judging the finalized delivery of various types of projects. The winning proposition that followed the basic idea of the proposal got developed. Examples are in Spain and Italy and for the most part, the customers were City Halls and bigger companies.  
<http://tapsbd.com/>
- 2006  
2007 **Co- interior architect in Execution Project of Goya Theatre Reform. Centro Aragón**  
**Oficina baR. Barnadas Arquitectura**  
Barcelona, Spain  
To develop a reform of an old theater in the center of Barcelona, I was invited to participate in all of the processes for designing the interior of the building. We were a team of three architects and one interior designer, and we were working in parallel with a structural studio.  
<http://www.b-ar.eu/>
- 2004  
2006 **Architect Works Department in Public Spaces Projects**  
**Architecture Projects Department Iquique City Hall**  
Iquique – Chile  
I worked in a large team, developing municipal public space projects in all of the coastal areas of Iquique city (Northern Chile). We designed and built stand fittings and provisions for public facilities in the community.
- Universidad Arturo Prat University**  
**Architecture School**  
Iquique - Chile  
I was a Teaching Assistant for the course of Architecture Design Workshop in the 3rd and 4th semester, and a Course Coordinator of an elective, Urban Photography Workshop.  
<http://www.unap.cl/admision/carreras/pregrado/2014/23025.html>
- 2003  
2004 **Integrant as Planner, Project Developer, Work Address and Assessor**  
**TSB Architects Architecture Office**  
Iquique - Chile  
Under the management of the architect Aldo I. Testa Cavada and as a part of a studio of three architects, we developed projects of various kinds. Municipal buildings, retail spaces, ideas competitions, etc. This experience is important to emphasize because they represent my first approach and learning as an professional architect.

## T SKILLS

<b>Software competent</b>	3D Max	Advanced
